Speed and performance is a requirement for the convenience or retail market environment. The RZ-X660 boast a fast and efficient processor. Small and mid size companies must be highly flexible to survive in their daily business against larger companies. The flexible PC-based POS terminal RZ-X660 offers a lot of opportunities, as it allows to install specific application software dedicated to the market segments.

Apart from this, the RZ-X660 can be upgraded to an overall sophisticated system. This, due to the availability of several interfaces to connect different printers, a 26 cm colour LCD customer display, magnet card reader, Dallas clerk key system etc.

Not only visually, but also from the daily work and efficiency standpoint the RZ-X660 is perfectly designed. The terminal can be placed directly on the checkout desk or installed at the wall. Thanks to its fanless technology the RZ-X660 reduces energy cost to a significant low level.
