

Projectors

SHARP E501U PROFESSIONAL LCD LASER PROJECTOR

For outstanding projection performance at an impressively low total cost of ownership, the Sharp E501U appeals to cost-conscious users who demand professional reliability.

- Professional and Flexible Installation – versatile projection characteristics allow for simple positioning of the projector, making installation easy and potentially saving set up costs.
- Enjoy a Lower TCO – highest reliability, maintenance free operation, low power consumption and up to 20000 hours life; the Laser light source results in a significantly lower total cost of ownership.
- Risk Group 2 – because of the Risk Group 2 compliance, no prescribed safety precautions are necessary.
- Cost Saving Device Management – save effort whilst administrating all connected Sharp devices from a centralised location by using the NaViSet Administrator 2 software tool.

Specifications

Others

Power Requirements: voltage Min. (V)	100
Power Requirements: voltage Max. (V)	240
Power Consumption: standard, ECO, stand-by (W)	1

Key Specifications

Special Characteristics	NaViSet Administrator 2, Carbon Savings Meter
-------------------------	---

Accessories

Shipping Content	Power Cable, User Manual, 2 x AAA batteries
------------------	---

Environmental Conditions

Operating Humidity (min) [%]	20
Operating Humidity (max) [%]	80

Green Features

Ecological Standards	ErP compliant
Ecological Materials	Downloadable manuals

Display Module Data

Native Resolution (Pixels)	1920 x 1200 (WUXGA)
Aspect Ratio	16:10:00
Contrast Ratio	500000:1

Power Supply and Operating Environment

Operating Voltage (ACV)	100-240
Frequency (Hz)	50-60
Power Consumption (W) (Operating MAX)	310
Power Consumption (W) (Standby)	0.4
Storage Humidity Min [%]	20
Storage Humidity Max [%]	80

Additional Features

Safety and Ergonomics	RoHS, CE, ErP
-----------------------	---------------

Projectors

Weight (kg)	5
Zoom-Lens (Manual)	True
Keystone (manual)	True
